

NEWSLETTER July 2022

SUMMER HOURS Mon-Fri 7:30am to 5:00pm

To heat or cool, and propane too!

Welcome to Bob's first Newsletter!

WHAT'S INSIDE

- Tips on saving money
- Pre-buy and budget plans
- 24-hour gas pumps

TIPS TO SAVE MONEY

- **Consider age** of your heating, cooling and hot water systems to capture current technological advances to use less fuel.
- **Remove obstructions** away from heating vents that would cause your heating unit to work harder.
- **Schedule yearly tune-ups** with us to ensure maximum heating and cooling efficiency.
- **Program your thermostat** to lower your fuel costs while you are away.
- **Join automatic delivery** to avoid forgetting to call for fuel and any additional fees.

Q

Do I have to run kerosene in an outside tank?

A

No, with #2 oil you run the risk of gelling up your system in the cold. With a waiver and your consent to the risk, you can burn #2

DID YOU KNOW?

A heat pump needs certain outdoor temperatures to heat, so in the dead of winter, it may not heat efficiently, or even at all.

ASK US ANYTHING!

If you have a question you would like answered, subject you'd like covered, or any feedback, email us at info@bobscashfuel.com

24 HOUR GAS PUMPS

Ever had a late night, or early morning and need to fill up? That's not a problem here at Bob's! We have regular and non-ethanol gas, on-road and off-road diesel. Use a card at the pumps, or open a key account to receive discounts on your fuel!

CUSTOMER SPOTLIGHT

**Titcomb
Mountain**

We are so pleased to partner with Farmington Ski Club and provide them with their fuel and service needs! Their commitment to the community brings families together year-round. Thank you for your continued business!

Plan Ahead And Save Money With Pre-Buys And Budget Plans

A Pre-Buy or Budget Plan is a good way to save some money over the winter! Every June we start to offer our Pre-Buy and Budget Plan Agreements. We have them available throughout the summer months to use over the winter months for your oil and propane needs.

Pre-Buy Plans

- Agreements run June 1st to April 30th
- Lock In your price
- Cap your price with a downside option
- Pre-paying gives you piece of mind that your heat is paid for the season

Budget Plans

- Lock in your price
- Cap your price with a downside option
- Convenient monthly payments
- Floating cash price with a 5 cent discount per gallon
- Agreements run June 1st to April 30th

Bob's Buffoonery

When the boss is away from the office for a day... the staff may play! It's pizza and poker time. *(shhhh, don't tell)*
