

## NEWSLETTER

Spring 2024

OFFICE HOURS Mon-Fri 7:30am to 5:00pm

We are here for you today... and tomorrow

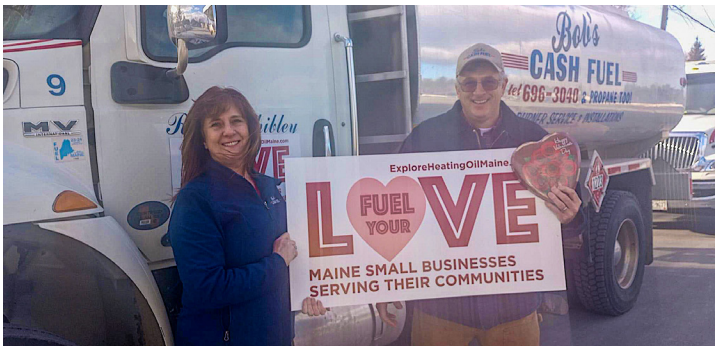

To heat or cool, and propane too!

### WHAT'S INSIDE

- Fuel Your Love
- Furnace Cleaning Q&A
- "Mini Bob" Truck

## FUEL YOUR LOVE CAMPAIGN

This Valentine's Day Bob's Cash Fuel partnered with Maine Energy Marketers in their **Fuel Your Love** campaign. Rob and Carol hit the road and braved the cold and wind to spread Valentine's Day Cheer with some flowers, chocolates and **FREE FUEL** to 6 deserving customers. We want to let all of our customers know we appreciate you everyday and would not be the company we are without you.

**When is the best time to get my oil furnace cleaned?**

**The spring and summer is the best time to get your furnace cleaned!**

Warm air furnaces should be cleaned in the spring or at the end of the heating season because the ash buildup mixes with condensation and creates sulfuric acid which can cause your heat exchanger to prematurely fail. This preventive maintenance may also bring to light other potential issues which you can fix before the next heating season begins.

*Contact us today and request to be added to our yearly preventive maintenance list!*

## CUSTOMER SPOTLIGHT

Gifford's Ice Cream is back in production! We are so happy that our local partner is again making their famous ice cream locally and with **7 NEW FLAVORS!** Join in and support them by stopping by your local stand! Check out their flavors on their website [giffordsicecream.com](http://giffordsicecream.com).

## DID YOU KNOW?

We offer propane off-grid appliances! **Fun Fact:** We are an authorized distributor for sales and service for Unique and EZ Freeze refrigerators. Unique fridges are dual-fuel. They will run off either propane or battery. EZ Freeze fridges are strictly propane.

## "MINI BOB" TRUCK

## Meet "Mini Bob"

We've recently added our "Mini Bob" truck to our fleet! This guy will allow us to better serve our customers with tight driveways, or seasonal camp roads. The "Mini Bob" truck holds roughly 1/3 capacity of what our full-size propane delivery trucks hold. Make sure to give "Mini Bob" a wave when you see him!

### PAYING BY CHECK? GIVE US A CALL!

We are now able to process **checks over the phone at no additional fee** for your oil, propane & now **gas key accounts!** This convenience will save you time driving in or the cost of postage if you were to send a check in the mail.

## BOB'S BUFFOONERY

If you were wondering why no one answered your phone call on April 8th...
